Scriptural Review:

Genesis 3

“One small bite for man...one gigantic fall for mankind.”

We have to very careful about the choices that we make. As demonstrated in the biblical story of the Fall of Man, a seemingly small act can have huge consequences. Each of us is faced with choices, moment after moment.

Remember that trouble doesn't always look like trouble. Many things that we should avoid are very pleasing to our senses, and offer temporary fulfillment. The fruit from the Tree of Knowledge of Good and Evil was nice to look at. I'll bet it was tasty too. But look at all that we now have to experience as a result of those few minutes of pleasure.

1. The Book of Genesis, Chapter 3 lists several things that happened to mankind as a result of their disobedience to God. Name some of them.

Was it worth it?
